A bizarre scene unfolded at Malaysia's main international airport.

A woman caused a commotion at Kuala Lumpur International Airport (KLIA) after repeatedly demanding that Singapore, Malaysia and Japan "surrender," according to videos of the incident that circulated online on August 18.

The incident reportedly happened near the boarding gates of Terminal 1. The woman, described by the original social media poster as being from mainland China, was reportedly livestreaming on her phone before a man believed to be an acquaintance took the device away from her.

Videos showed her walking around the terminal barefoot while loudly asking whether Singapore and Japan would "surrender." Reports said she had earlier made the same demand regarding Malaysia.

The situation became more concerning when the woman made alarming statements suggesting that other people could be harmed if something happened to her. She also reportedly began counting down. The exact meaning or motivation behind her statements remains unclear.

began counting down. The exact meaning or motivation behind her statements remains unclear.

At one point, she approached a nearby passenger and again asked whether they would "surrender."

Airport personnel eventually removed the woman from the area about 15 minutes after the disturbance began. The situation then returned to normal.

According to Malaysian Chinese-language newspaper Sin Chew Daily, authorities were still investigating the woman's identity and what caused the incident.

With short clips spreading quickly across social media, the unanswered question is what actually led to such an unusual confrontation inside one of Southeast Asia's busiest international gateways.

Hindi automatic na mabuting tao ang isang taong may kapansanan.

At hindi rin automatic na masama ang isang taong walang kapansanan.

May mga taong may disability na mabait, respectful, at inspiring.

Pero may iba rin na ginagamit ang kanilang kapansanan bilang shield against accountability.

Kapag sila ang bastos:

“Intindihin mo kasi may kapansanan ako.”

Kapag sila ang nakasakit:

“Wala ka bang awa?”

Pero kapag ikaw ang nasaktan?

Biglang bawal kang magsalita dahil kailangan mo silang “respetuhin.”

Here’s the uncomfortable truth:

Ang disability ay maaaring magpaliwanag ng ilang behavior, pero hindi nito awtomatikong binibigyang-katwiran ang lahat

2026-08-21 14:33:19

Ang disability ay maaaring magpaliwanag ng ilang behavior, pero hindi nito awtomatikong binibigyang-katwiran ang lahat ng behavior.

We should accommodate disabilities.

We should be compassionate.

We should protect people from discrimination.

But accountability should not become discrimination.

Respect should be mutual.

Kung hinihingi mo ang respeto dahil sa kondisyon mo, dapat hindi rin mawala sa iyo ang kakayahang respetuhin ang ibang tao.

Ang kapansanan ay dahilan para maging mas compassionate tayo, not a license to be an asshole.

Ang kapansanan ay hindi katatawanan.
Hindi ito dapat gawing sandata upang laitin, hiyain, o i-dehumanize ang isang tao. Hindi tamang salaulain ang dignidad o halaga ng sinumang tao, may kapansan man o wala.

Bam Aquino
4h ·

43 taon na mula nang pumanaw si Tito Ninoy.

Kuwento ng mga magulang ko, tuwing dinadalaw raw namin si Tito Ninoy, lagi niyang biro: "*Paul at Melanie, iwan niyo na si Bam dito para may kasama naman ako*."

Bata pa ako noon kaya hindi ko pa lubos na nauunawaan kung ano ang ibig sabihin ng makulong at mapalayo sa pamilya.

Pero habang tumatanda ako, mas nauunawaan ko ang mas malalim na kahulugan ng biro niyang iyon. **Pitong taon at pitong buwan siyang nakulong**. Malayo sa pamilya at sa mga mahal niya sa buhay. Kung iisipin, matinding lungkot at pag-iisa ang pinagdaanan niya. Pero sa kabila ng lahat, hindi siya nawalan ng pananalig sa Diyos at tiwala sa mga Pilipino.

Sa paglipas ng panahon, mas nauunawaan ko rin ang bigat ng desisyong ginawa niya noong 1983. May pagkakataon siyang manatili sa Amerika. Kasama niya ang kanyang pamilya. Ligtas siya. Alam niyang sa pagbabalik sa Pilipinas, maaari siyang muling makulong. Alam niyang maaari siyang mapatay. **Walang kasiguraduhan kung tatanggapin pa siya ng taumbayan**. **Wala ring kasiguraduhan kung may mababago ang kanyang pag-uwi**.

2026-08-21 14:33:30

kanyang pag-uwi.

Pero umuwi pa rin siya.

Siguro ito ang pinakamahirap unawain tungkol sa tunay na pagmamahal sa bayan: hindi mo minamahal ang Pilipinas dahil sigurado kang may kapalit. Hindi ka naninindigan dahil alam mong mananalo ka. At hindi ka naglilingkod dahil sigurado kang kikilalanin ka. Ginagawa mo ito dahil naniniwala kang karapat-dapat ipaglaban ang Pilipino, kahit hindi mo alam kung ano ang naghihintay sa iyo.

Ito ang mas naiintindihan ko ngayon sa mga salitang, "**The Filipino is worth dying for**."

Para sa akin, ang mga salitang ito ay tungkol sa napakalalim na paniniwala ni Tito Ninoy sa halaga ng bawat Pilipino. Na kahit **sa panahong tila nawawala ang pag-asa, may dahilan pa ring maniwala sa ating kapwa, tumindig para sa tama, at gawin ang kaya natin para sa bayan**.

At sa huli, tumugon ang taumbayan: "**Ninoy, hindi ka nag-iisa**." Ang bayang hindi niya alam kung tatanggapin pa siya ay tumindig. Ipinakita ng mga Pilipino na may pakialam sila, na handa silang tumindig sa kabila ng takot, at hindi nauwi sa wala ang kanyang sakripisyo.

2026-08-21 14:33:33

Marami pa rin tayong problema bilang bansa.
May mga pagkakataong nakakapagod, nakakagalit, at madaling panghinaan ng loob. Pero kung si Tito Ninoy, sa pinakamadilim at pinakamalungkot na bahagi ng kanyang buhay, ay hindi nawalan ng tiwala sa Pilipino, sino tayo para sumuko sa isa't isa ngayon?

43 taon na ang lumipas, pero ito marahil ang pinakamahalagang pamana ni Tito Ninoy sa akin: **huwag mawalan ng pag-asa sa Pilipino**.

Dahil sa kabila ng lahat, karapat-dapat pa rin tayong ipaglaban. Karapat-dapat pa ring pagsilbihan ang bayan. At karapat-dapat pa ring maniwala na kaya nating bumuo ng isang mas maayos na Pilipinas, sama-sama.

Maraming salamat, Tito Ninoy, sa inspirasyon, tapang, at pagmamahal na inialay mo sa bayan. Hanggang sa huli, hindi ka nawalan ng pananalig sa mga Pilipino.

Ipinakita mong gaano man kahirap ang panahon, karapat-dapat pa ring mahalin at ipaglaban ang ating bayan. ❤️🔥🇵🇭

REP. CENDAÑA, NAGBABALA NG LEGAL NA AKSYON UKOL SA ONLINE RIDICULE!

Direktang binitawan ni Akbayan Partylist Rep. Perci Cendaña ang kanyang pagkadismaya matapos kumalat sa social media ang drawing ng local artist na si Richard Art, kung saan tinukoy ng mambabatas na ginawa umanong katatawanan ang kanyang medikal na kondisyon.

Giit ni Cendaña, bagamat bukas siya sa lehitimong batikos bilang public official, lumampas na umano sa linya ang personal na pag-atake na humantong na sa diskriminasyon sa mga tulad niyang stroke survivor.

"Ilang taon ko nang pinapalagpas ang araw-araw na paninira at personal na pag-atake sa akin, online man o offline," ani Cendaña.

"Bilang isang stroke survivor, hindi ko palalampasin ang ganitong pambabastos. I do this not just for myself but for all stroke survivors and Persons with Disabilities (PWDs)," dagdag pa niya.

Bunsod nito, nagbabala ang mambabatas na kasalukuyan na siyang kumokonsulta sa kanyang mga abogado para sa posibleng legal na hakbang laban sa nag-upload at nagbahagi ng naturang materyal.

'SANHI NG PAGPANAW NI VANESSA BLANCA, ISINAPUBLIKO NG KANYANG PAMILYA' 💔😢

Malungkot na isinapubliko ng pamilya ng singer na si Vanessa Blanca ang dahilan ng kanyang pagpanawa. Ito'y matapos na aksidenteng nauntog ang kanyang ulo habang nagbibihis sa bathroom. Agad naman silang tumawag ng ambulansya at 15 minutes silang naghintay ngunit wala pa rin kaya agad na gumawa ng paraan ang kanyang pamilya na madala agad siya sa ospital pero huli na ang lahat. Humohingi naman ng pang-unawa at privacy ang pamilya habang sila'y nagluluksa.

"Vanessa sustained a severe traumatic brain injury resulting in an internal brain hemorrhage following an accidental fall."

"While she was getting dressed in the bathroom, she unfortunately tripped and fell, striking her face and head against the floor. The impact resulted in severe internal bleeding in her brain."

PALAWAN POLICE, NAGBABALA SA PAGGAMIT NG "AI POLICE FILTER" SA SOCIAL MEDIA

Naglabas ng babala ang Palawan Police Provincial Office sa publiko na maging responsable sa paggamit at pagbabahagi ng mga larawang ginawa gamit ang Artificial Intelligence (AI), lalo na ang mga nagpapakita ng uniporme at simbolo ng Philippine National Police.

Ayon sa Palawan PPO, ang mga ganitong klase ng AI Generated Images ay maaring magdulot ng pagkalito sa lipunan at kung sakaling magamit ito sa panloloko maaaring makasuhan ang may gawa nito.

Pinapayuhan din ang publiko na kung gagamit ng AI lalo na sa social media, mas mabuti kung lalagyan ito ng label na ito'y AI Generated lamang.

ARGUMENT

I hereby adopt and replead by reference all the arguments in my *Counter-Affidavit*, and raise the following argument in view of the *Affidavits of Denial and Non-Participation*:

10

2026-08-21 14:47:42

10

IN VIEW OF (1) GUTEZA'S EXPRESS REPUDIATION OF THE MATERIAL ALLEGATION LINKING ME TO THE SUPPOSED CASH DELIVERIES; (2) THE *AFFIDAVITS OF DENIAL AND NON-PARTICIPATION;* (3) THE PREVIOUS AFFIDAVITS ATTACHED TO MY *ICI AFFIDAVIT;* AND (4) THE RECANTATION BY THREE (3) OF COMPLAINANT SPI'S WITNESSES, AND THE CORROBORATING AFFIDAVITS OF TWO OTHERS, ALL ATTACHED TO MY *COUNTER-AFFIDAVIT,* THERE CAN BE NO *PRIMA FACIE EVIDENCE* WITH REASONABLE CERTAINTY OF CONVICTION THAT I COMMITTED ANY OF THE CRIMES IMPUTED AGAINST ME.

DISCUSSION

20. The *Complaints* anchor their allegations on supposed deliveries of cash-filled suitcases to properties supposedly associated with me. To lend credence to their claim, complainant SPI relies on the unreliable and incredible statements of Orly Guteza and eight (8) from the 18 Security Aides of Zaldy Co (three [3] of whom have since recanted their testimonies).

21. As exhaustively discussed in the *Counter-Affidavit*, the *Recantation Affidavits* of Tube, Waupan and Bulontate cast serious doubt on the reliability, and credibility of the complainant SPI's witnesses (all from the 18 Security Aides). The same is true with respect to the *Affidavits of Denial and Non-Participation* of the 25 Security Aides who, similar to Balderama, belong to the broader group of security aides of Zaldy Co. Moreso, Guteza's subsequent express repudiation of the material allegation linking me to the supposed deliveries further compounds these defects and independently undermines another principal testimonial basis upon which complainant SPI relies.

22. The ever-changing story in the account and/or recollection of the 18 Security Aides, extensively discussed in Appendix "2", are no longer unexplained inconsistencies. The *Affidavits of Denial and Non-Participation* supply a concrete explanation for them: the narrative was allegedly being organized, expanded, and presented to others for adoption, including to persons who had no personal knowledge whatsoever of the supposed deliveries.

IN VIEW OF (1) GUTEZA'S EXPRESS REPUDIATION OF THE MATERIAL ALLEGATION LINKING ME TO THE SUPPOSED CASH DELIVERIES; (2) THE *AFFIDAVITS OF DENIAL AND NON-PARTICIPATION;* (3) THE PREVIOUS AFFIDAVITS ATTACHED TO MY *ICI AFFIDAVIT;* AND (4) THE RECANTATION BY THREE (3) OF COMPLAINANT SPI'S WITNESSES, AND THE CORROBORATING AFFIDAVITS OF TWO OTHERS, ALL ATTACHED TO MY *COUNTER-AFFIDAVIT,* THERE CAN BE NO *PRIMA FACIE EVIDENCE* WITH REASONABLE CERTAINTY OF CONVICTION THAT I COMMITTED ANY OF THE CRIMES IMPUTED AGAINST ME.

DISCUSSION

20. The *Complaints* anchor their allegations on supposed deliveries of cash-filled suitcases to properties supposedly associated with me. To lend credence to their claim, complainant SPI relies on the unreliable and incredible statements of Orly Guteza and eight (8) from the 18 Security Aides of Zaldy Co (three [3] of whom have since recanted their testimonies).

21. As exhaustively discussed in the *Counter-Affidavit*, the *Recantation Affidavits* of Tube, Waupan and Bulontate cast serious doubt on the reliability, and credibility of the complainant SPI's witnesses (all from the 18 Security Aides). The same is true with respect to the *Affidavits of Denial and Non-Participation* of the 25 Security Aides who, similar to Balderama, belong to the broader group of security aides of Zaldy Co. Moreso, Guteza's subsequent express repudiation of the material allegation linking me to the supposed deliveries further compounds these defects and independently undermines another principal testimonial basis upon which complainant SPI relies.

22. The ever-changing story in the account and/or recollection of the 18 Security Aides, extensively discussed in Appendix "2", are no longer unexplained inconsistencies. The *Affidavits of Denial and Non-Participation* supply a concrete explanation for them: the narrative was allegedly being organized, expanded, and presented to others for adoption, including to persons who had no personal knowledge whatsoever of the supposed deliveries.

24.10. The factual discrepancies do not concern immaterial and inconsequential details. They bear a direct relation to the chain supposedly linking me to the purported deliveries of cash-filled suitcases. They strike, point by point, at the very existence of such a logistical scheme. In Guteza's case, the contradiction is even more fundamental: he does not merely dispute a date, amount, location, or identity of another participant. He now denies the truth of his supposed personal participation in the three (3) deliveries to my alleged residence—the very fact for which complainant SPI invoked his account. In other words, these factual discrepancies are crucial and undermine the foundation of complainant SPI's theory against me.

24.11. In any case, I have been informed by counsel that where the evidence for and against the accused is evenly balanced, or, as here, where the very occurrence of the act charged is disputed by a comparable, if not greater, number of similarly situated witnesses (32 of them – 5 from the 18 Security Aides, the 25 Security Aides, Colesio, and now, Guteza), the equipoise rule applies: the constitutional presumption of innocence tilts the scale in favor of the accused.[43] As held by the Supreme Court in ***De Vera y Ante vs. People***, G.R. No. 246231, 9 October 2023:

> "**Faced with two conflicting versions, the Court is guided by the equipoise rule.** This rule states that when the evidence is consistent with a finding of innocence but also compatible with a finding of guilt, then the evidence is at equipoise and does not fulfill the test of moral certainty sufficient to support a conviction. The rule is rooted on the well-settled principle that every criminal conviction must draw its strength from the prosecution's evidence, which must be of such degree that the constitutional presumption of innocence is overthrown and guilt is established beyond reasonable doubt. **This burden of the prosecution is not met when the circumstances can yield to different inferences, as such equivocation betrays a lack of moral certainty sufficient to support a judgment of conviction.**" [Emphasis supplied]

[43] ***People vs. Librias***, 803 SCRA 213 (2016).

25. The foregoing is consistent with the settled rule on interpreting inculpatory facts and circumstances. I was informed by my counsel that in ***People of the Philippines vs. Jubilag,*** 263 SCRA 604 (1996), the Supreme Court held that when inculpatory facts and circumstances are capable of two or more explanations, it is the explanation consistent with the innocence of the accused that must prevail, to wit:

> "Finally, it is a settled rule in our jurisprudence that:
>
> 'If the inculpatory facts and circumstances are capable of two or more explanations, one of which is consistent with the innocence of the accused and the other consistent with his guilt, then the evidence does not fulfill the test of moral certainty and is not sufficient to support a conviction.'"

26. This is precisely the situation in which continued prosecution cannot be justified. Where there are two conflicting narratives, the version which favors innocence must be upheld. After all, the purpose of a preliminary investigation is to shield the innocent from precipitate, spiteful, and burdensome prosecution, and to spare the respondent the trauma of trial where the evidence, tested at the outset, cannot sustain a *prima facie* case.[44] Where complainant SPI's own evidentiary pillars are met, witness for witness, by sworn denials from persons with equal or greater access to the truth, several of whom disclose having been offered inducements to say otherwise and having refused, and where Guteza himself now states that the accusation by which he was made to link me to the alleged deliveries was untrue and had been supplied to him for adoption, the *Complaints* do not clear even that threshold. The *Complaints*, and any Information that may issue on the basis thereof, should not be allowed to proceed.

27. To be clear, the *Affidavits of Denial and Non-Participation* and *Guteza Recantation Salaysay* do not merely create collateral factual disputes. They strike at the factual premise of the *Complaints* itself, namely, that persons within Zaldy Co's security and support network routinely transported and delivered cash-filled *maletas* to me. When thirty-two (32) persons drawn from that very operational environment deny any such deliveries, and when several of them describe attempts to recruit them into the same account despite their admitted want of personal knowledge, the evidence of complainant SPI cannot satisfy the standard of *prima facie* evidence with reasonable certainty of conviction.

[44] ***Cabahug vs. People***, 376 SCRA 113 (2002).

August 10 marks the start of a "katay" (slaughter) targeting children aged 6 to 59 months through the measles vaccination drive, urging parents to withhold consent.

REALITY CHECK
The DOH assures the measles and measles-rubella vaccines are safe and effective, with only temporary side effects such as fever and injection-site pain.
Vaccination under the campaign is voluntary and consent-based, administered by trained health workers in schools and health centers, not the covert, coercive operation the video implies.
The measles-rubella vaccine has been used worldwide for decades, including in India, Bangladesh, Nepal, Sri Lanka, Thailand, Indonesia, and Myanmar, among others.

- The **"Ligtas Tigdas 2026"** Measles-Rubella Supplemental Immunization Activity is a nationwide, phased rollout **offering free vaccination to children aged 6-59 months** regardless of prior vaccination status, alongside Vitamin A supplementation.

ANIMALS ARE NOT PROPS FOR YOUR CLOUT!

On July 3, 2026, content creator POORKIDZ RACING TEAM posted a video showing a group of people having a good time over a boodle fight. In the video, one of them suddenly throws a dog onto the table while they are eating, causing food to spill and go to waste. The dog appears visibly frightened and confused, yet it is pushed off the table again as everyone laughs. The person responsible then casually continues eating.

It's okay to have fun, but why involve an innocent and helpless animal? No dog should have to suffer just to become part of someone's entertainment or content.

We're calling this out because we should never normalize cruelty toward innocent animals for laughs or clout. And while food may be affordable to some, wasting it is still unfortunate when so many people work hard just to put a meal on the table.

What we see online can influence others. Let's be careful about what we normalize and support.

The video is still on their page. You may watch it

Animals are not props. Their fear is not funny. Their suffering is not content.

THE TRAIN IS GONE. THE GIRDER REMAINS.

Hidden within a bridge connecting two barangays in Mangaldan, Pangasinan, an original girder from the old railway bridge has survived the passage of time.

Repurposed for today's road crossing, it stands as a rare surviving fragment of the railway era that once connected communities across Pangasinan.

Ito raw ang pakiramdam ng dating security aide ni Zaldy Co na si Orly Guteza nang hindi na siya kontakin nina Sen. Rodante Marcoleta at dating congressman Mike Defensor matapos niyang tumestigo sa Senate Blue Ribbon Committee hearing noong nakaraang taon.

Kasabay nito, isiniwalat ni Guteza na sina Marcoleta at Defensor ang nasa likod ng affidavit kung saan sinabi niyang nag-deliver siya ng male-maletang pera sa bahay ni Romualdez.

May baril na naman na nakuha sa bag ng estudyante. Mabuti at nakita bago may nasaktan. Pero kung hanggang "higpitan ang security sa school" lang ang sagot natin, kulang iyon.

Dahil ang problema ay hindi lang kung paano mahuhuli ang baril sa gate. Ang mas importanteng public-policy question ay: bakit nakarating sa kamay ng bata ang baril bago pa siya makarating sa gate?

May batas na tayo laban sa unauthorized possession at carrying of firearms. Sa ilalim ng RA 10591, kailangan ding at least 21 years old ang isang tao para maging qualified applicant for a license to own and possess firearms. Kaya kung 14-year-old ang may hawak ng baril, malinaw na hindi siya puwedeng legal na licensed owner.

At dito dapat magsimula ang mas seryosong imbestigasyon:

Kaninong baril iyon? Registered ba? Paano niya nakuha? May adult bang sadyang nagbigay nito, o may licensed owner bang nagpabaya kaya naging accessible sa bata?

Aug 21, 2026 17:47:41

Importante rin ang distinction na iyan. RA 10591 already makes it unlawful to transfer

Importante rin ang distinction na iyan. RA 10591 already makes it unlawful to transfer possession of a firearm to someone who has not secured the necessary license or permit. Pero dapat mas malinaw din ang liability kapag walang intentional transfer, pero nakakuha ang bata ng baril dahil sa negligent storage.

May existing safe-storage requirement din tayo. Under RA 10591, Types 1 to 5 firearm licensees are required to have a vault or container secured by lock and key or other security measures. So hindi kailangang magpanggap na nagsisimula tayo sa zero. Ang kailangang gawin ay palakasin, linawin at gawing tunay na child-access-proof ang existing rules.

Ito ang mga repormang puwedeng pag-aralan:

* Child Access Prevention framework. Magkaroon ng specific liability kapag ang firearm owner knew or reasonably should have known na maaaring ma-access ng menor de edad ang baril, pero hindi niya ito adequately secured. Iba ito sa intentional illegal transfer. Negligent access mismo ang dapat may malinaw na consequence.

* Stronger child-proof safe-storage standards. Hindi lang basta "may lalagyan." Dapat unloaded at secured ang firearm, protected ang key o combination mula sa bata, at may

* Stronger child-proof safe-storage standards. Hindi lang basta "may lalagyan." Dapat unloaded at secured ang firearm, protected ang key o combination mula sa bata, at may malinaw ding standards sa secure storage ng ammunition. Puwedeng humugot ng best practices mula sa jurisdictions tulad ng Canada at New Zealand, pero iangkop sa Philippine law at household conditions.

* Verifiable safe-storage compliance. Hindi sapat ang checkbox na "may gun safe ako." Puwedeng hingin ang photographs, sworn declaration, proof of purchase or installation, o certification ng compliant storage system.

Pero may constitutional limit dito. Noong 2019, sinabi ng Supreme Court na hindi maaaring gawing kondisyon sa firearm licensing ang warrantless inspection ng bahay. The home remains constitutionally protected even if firearm ownership is heavily regulated. Kaya anumang physical inspection system ay kailangang sumunod sa Article III at sa requirement ng search warrant kapag kinakailangan.

In fact, useful lesson dito ang New Zealand: may detailed secure-storage requirements sila at may inspection component sa kanilang licensing system. Pero hindi ibig sabihin na puwedeng kopyahin iyon

In fact, useful lesson dito ang New Zealand: may detailed secure-storage requirements sila at may inspection component sa kanilang licensing system. Pero hindi ibig sabihin na puwedeng kopyahin iyon word-for-word dito. Ang magandang polisiya ay kinukuha ang effective principle habang nirerespeto ang sariling Constitution.

* Automatic firearm source tracing kapag may baril na nakuha sa menor de edad. Every recovery should trigger a source-and-chain-of-possession investigation. Licensed firearm ba ito ng magulang o kamag-anak? Stolen firearm? Illegally transferred? Loose firearm? Sino ang huling lawful possessor? Hindi dapat matapos ang kaso sa "nakumpiska na po ang baril." The FEO is already the statutory repository of firearms records, so gamitin ang system para malaman kung saan naputol ang lawful custody.

* Clear consequences for negligent adult firearm owners. Kung napatunayang ang licensed gun ay nakuha ng bata dahil sa culpably negligent storage, dapat may proportionate administrative and criminal consequences, including suspension or revocation when justified. May license-sanction mechanisms na ang RA 10591; ang kailangang linawin ay ang negligent child-access situation.

At hindi storage lang ang prevention.

Kapag may warning signs na, kailangan may sistema bago pa maging actual violence.

* School Threat Assessment Teams. Sa Virginia, schools use multidisciplinary teams involving counseling, instruction, school administration and law enforcement to assess threatening behavior and determine appropriate intervention. Hindi lahat ng kaso nasosolusyunan ng expulsion, bag inspection at metal detector.

Pero dapat behavior-based ang assessment. Hindi sapat na “weird,” tahimik, galit, may mental-health condition, o may unpopular beliefs ang isang estudyante. Dapat nakabatay sa specific behavior, threats, access to weapons at credible evidence. Public safety should not become an excuse for profiling.

* Nationwide anonymous school reporting system. Gumawa ng confidential 24/7 hotline, text, app at online platform kung saan puwedeng magsumbong ang students, parents at school personnel kapag may nalalamang baril, credible threat, planong manakit, o ibang serious safety concern.

Aug 21, 2026 17:48:12

Colorado's Safe2Tell is one working model: a statewide 24/7 anonymous reporting system where students and communities can report potential threats before they escalate.

* Extreme Risk Protection mechanism, adapted to Philippine constitutional law. Kung may specific at credible evidence na ang isang taong may access sa firearm ay nagpapakita ng serious risk of suicide or violence, puwedeng magkaroon ng mabilis na judicial process para pansamantalang alisin ang access niya sa baril. Pero hindi ito dapat “may nagreklamo lang, kumpiska agad forever.” Kailangan court-issued, supported by sworn facts and an evidentiary standard, time-limited, with prompt notice and hearing, opportunity to contest the order, at malinaw na proseso para maibalik ang firearm kapag wala na ang legal basis. Ganyan din ang basic architecture ng ERPO model legislation: emergency intervention when justified, followed by judicial safeguards and hearing.

Sa madaling salita, tatlong layer dapat ang sistema:

Bago makuha ng bata ang baril: safe storage, child-access prevention at accountable firearm ownership.

Aug 21, 2026 17:48:15

Kapag may warning signs: anonymous

Kapag may warning signs: anonymous reporting, trained threat assessment at narrowly tailored judicial intervention.

Kapag may baril nang nakuha: mandatory tracing, investigation of the chain of possession at accountability kung may negligent o illegal adult conduct.

Hindi ito anti-gun versus pro-gun debate. Basic public safety ito.

At legally speaking, mahalaga rin ang distinction: sa Pilipinas, firearm ownership is not a constitutional right comparable to the U.S. Second Amendment. The Supreme Court has described the keeping and bearing of arms here as a statutory privilege subject to State regulation.

May pribilehiyo ang qualified at licensed citizen na magkaroon ng baril ayon sa batas.

Pero kasama ng pribilehiyong iyon ang responsibilidad na siguraduhing hindi ito mapupunta sa kamay ng bata.

Security guards can stop a gun at the school gate.

Good laws should make it much harder for the gun to reach the child's hands in the first place.

VIVA SINERAMA, BALIK-GMA NA!

Viva Sinerama, Balik-GMA Na!
Ang Viva Sinerama ay isang sikat na classic movie block na dating ipinalabas sa GMA Network.

Narito ang ilang mahahalagang detalye tungkol sa programang ito:

Kasaysayan: Unang naging bahagi ng Thursday night programming ng GMA ang block na ito noong dekada '90 (nagsimula bandang 1992), kung saan ipinapalabas ang mga pelikula mula sa kilalang film studio na Viva Films.

Pagtatapos: Pagkatapos ng mahabang panahon ng pagpapakita ng mga tanyag na lokal na pelikula, tuluyan itong nagtapos noong January 6, 2002, na siyang nagmarka rin ng pagtatapos ng mga opisyal na Viva-branded movie blocks sa naturang network noon.

Kasalukuyang Konteksto: Bagamat nagtapos na ang partikular na block na ito, ang GMA Network at Viva ay patuloy na nagkakaroon ng malalaking kolaborasyon, kabilang ang mga joint venture para sa paggawa ng pelikula (GMA Pictures at Viva Films) at mga proyekto sa industriya ng musika (GMV Studios).

Ang pinaka-funny sa "KAKAMPINK, KAIN SUKA KAYO KAY MARCOS!" discourse ay kailangan mo munang maniwala sa isang alternate universe kung saan Kakampinks pala ang nag-UniTeam noong 2022.

Mga beh. Kami yung naka-pink. Kayo yung may eagle, green-red tandem, at soundtrack na "Bagong Pilipinas, Bagong Mukha."

So kapag may DDS na naglalabas ng 48-slide PowerPoint tungkol sa kapalpakan ni Marcos expecting Kakampinks to collapse emotionally:

Okay? And?

Akala n'yo ba masasaktan kami dahil pinupuna n'yo ang politikong HINDI NAMIN BINOTO?

That's not a gotcha. That's literally supporting our old argument with updated citations.

"Kain suka kayo!"

Anong suka? Hindi kami ang nag-order. Hindi kami ang nagluto. Hindi rin kami ang nag-deliver sa Malacañang.

The basic analytical error here is a false dichotomy: porke kontra-Duterte, automatic pro-Marcos. Hindi po ganyan gumagana ang political spectrum outside Facebook comment sections. Political identities are not always binary, and opposition to one political faction does not logically imply allegiance to its rival.

You can oppose Duterte.
You can oppose Marcos.
You can criticize Marcos today without suddenly becoming DDS tomorrow.
Amazing concept: political principles can apply consistently to more than one surname.

In political science, this is also where negative partisanship becomes relevant. Many Kakampinks were politically mobilized not by loyalty to Marcos, but precisely by opposition to both Marcos restoration and Duterte-style governance. So attacking Marcos does not create the cognitive dissonance DDS apparently expects. Walang identity crisis kung hindi mo naman siya political identity in the first place.

At ito pa ang mas masakit na irony: noong 2022, ang political machinery ng Duterte at Marcos camps ang nagsanib-puwersa under UniTeam. Kakampinks spent an entire election warning against that coalition.

Tapos ngayong nag-aaway na ang dating magkaalyado, lalapit kayo sa Kakampink:

Aug 21, 2026 22:00:07

Tapos ngayong nag-aaway na ang dating magkaalyado, lalapit kayo sa Kakampink:

"HAHA! Tingnan n'yo si Marcos!"

Yes, beh. Tinitingnan namin.

We literally tried to prevent this season finale.

And politically, that matters. If you helped build, endorse, normalize, or mobilize voters for a coalition, you cannot later pretend that the consequences of that coalition somehow belong to the people who opposed it. Accountability does not magically transfer across party lines just because your alliance collapsed.

So by all means, criticize Marcos when criticism is deserved. Accountability should never depend on whose jersey somebody is wearing. In fact, consistent criticism of both Marcos and Duterte is intellectually stronger than the tribal logic that excuses wrongdoing depending on which surname committed it.

Pero kung gagamitin n'yo iyon bilang "own" laban sa Kakampinks, at least review your 2022 election notes first.

Because "Kakampink, kain suka!" coming from someone who helped serve the meal is not the devastating clapback you think it is.

It's less "checkmate" and more:

"Breaking news: DDS discovers why Kakampinks didn't vote for Marcos."

Welcome to the plot.
You're four years late.

P700-M PRIVATE JET FINDS A HOME IN ILOILO

A luxury private jet worth an estimated P700 million to P800 million has found a new home in Iloilo City, and it comes with an aviation milestone.

The Cessna Citation CJ4 Gen2 recently delivered to the Philippines is the 500th aircraft in the CJ4 series, according to manufacturer Textron Aviation.

Photos shared by Skyway Aviation and corporate pilot Winnie Arguelles Rabanal showed the aircraft in the city.

Rabanal indicated that city will serve as the jet's home base, describing Iloilo as his "Syudad nga Pinalangga."

Textron announced on August 17 that it had delivered its 500th CJ4 to a customer based in the Philippines, although it did not identify the buyer.

The CJ4 is a business jet designed for private and corporate travel. It can be operated by a single pilot and accommodate up to 10 passengers, depending on configuration.

Late-model CJ4 Gen2 aircraft are estimated to cost around $12 million to $14 million, or roughly P700 million to P800 million.
